## LS-WEDGE (4') T8 Wedge Fixture

Engineered for one T8 32w lamp and a high-reflectance Miro IV specular reflector, the LS-WEDGE (4') is designed to illuminate stairwells and walls while increasing energy savings and providing high lumens output.

Housing constructed from 20 gauge post-painted steel. A K12 acrylic lens refracts the light to reduce glare and protects the components of the luminaire.

LS-WEDGE (4')

All fixtures CSA approved.
