## LS-T5HO-HB (8')

### T5HO High-Bay Fixture

Ideal for high-bay applications, the LS-T5HO-HB (8') is engineered to utilize six or eight 54w T5HO lamps and a high-reflectance Miro IV specular reflector. It is designed as an energy-efficient replacement for Metal-Halide luminaires.

Housing constructed from 18 gauge post-painted white steel. Slide-in clear Lexan polycarbonate lenses protect the lamps and reflector. Quick access plates permit ease of installation.
